MUHAMMAD TALHA

Web Developer

+92 3180054578

talhacust7@gmail.com

Islamabad, Pakistan

PROFILE

I'm a web developer with 2+ years of experience building cutting-edge 3D, AR, and VR websites. From concept to completion, My experience as a Fiverr seller built my ability to understand client visions and translate them into impactful solutions. I possess a deep understanding of 3D technologies such as (Blender and Aframe), along with proficiency in JavaScript and frameworks like **Three.js** and **React**. These skills have allowed me to create stunning websites with ease.
